

## **FREDRICK OLUOCH**

Fredrick is 14 years old, born on 09/08/1995. He attends B.J.C. academy and is in the 6<sup>th</sup> grade. Fredrick lives with his parents, brother and cousin. Both his parents are HIV positive, but he is HIV negative. His family lives in a one roomed iron sheet house in a crowded environment. The home environment is quiet and safe. They purchase water from nearby water outlets and share toilet facilities with other tenants.

His mother owns a green grocer while his father sells second hand clothes to earn income –

both of which are part time jobs. They use charcoal and kerosene to prepare food. He takes meals three times a day and sleeps on the floor on a mattress.

Fredrick is a social boy and outgoes with lots of friends. His favorite subject is mathematics. Fredrick hopes to become a lawyer in the future and help the less fortunate. His hobby is playing football. He scored 300/500 marks in his terminal exam.

Fredrick says he will appreciate his sponsors help since it is only through education that he will receive information from the external world.
