

## Noah Onyango

Noah is nine years old and in fourth grade. His birth date is May 23<sup>rd</sup>, 2002. He lives with his mother, father, two brothers and two sisters in a two roomed house. His father is HIV positive whereas the mother is HIV negative.

He has a table and a chair where he does his homework and the environment is good for him to study. They share toilet facilities and they buy water for their daily use. His mother uses charcoal to cook food; he eats three times a day. The father does not work because his health is not good. The mother fries fish and sells it so as to provide for the family.

Noah is a talkative boy who has many friends. His hobby is playing hide and seek and football.

He is a very bright boy; on his last school mark he got 491 marks out of 500.
